

## **Aphria has production licence boosted to 3,600 kg pot**

2016-09-26 08:49 ET - News Release - <https://www.pressreader.com/canada/stockwatch-daily/20160927/282114931059888>

Mr. Vic Neufeld reports

### **APHRIA ANNOUNCES LICENCE AMENDMENT**

Aphria Inc. has had its licence amended by Health Canada, allowing the company to grow up to 3,600 kilograms of dried cannabis and to sell up to 2,800 kilograms of dried cannabis over the next year.

"We are pleased that our licence amendment reflects our improved production yields, the growth in our sales over the last few months and our forecasted demand leading up to completion of our part II expansion," said Vic Neufeld, chief executive officer of Aphria.

We seek Safe Harbor.
